

MARKO MURN, commodore

rojen 1954,

član RC Škofja Loka od 2005, predsednik 2008 2009, član ICC Slovenia Turčija

Jadram že 25 let. Vozil sem precej ljubiteljskih regat v JK Odisej in JK Lokatiming, kjer sem član od obeh začetkov. Vendar sem predvsem popotnik, ki je plul po Jadranu, Mediteranu, Baltiku in Karibih. Lani sem preplul Atlantik v okviru rallyja ARC-2009. O svoji potovanjih objavljam članke in urejam svojo web stran www.tinga-tinga.info. Ponosen sem, da sem v mlajših letih navdušil za jadranje precej današnjih samostojnih skiperjev in največ mi pomeni, da so se vsi člani mojih posadk vrnili domov brez poškodb in z željo po ponovitvi plovbe.

V Slovenski IYFR Floti želim predvsem povezati slovenske rotarijske prijatelje v našem skupnem interesu plovbe, poskrbeti za naša druženja skupaj z našimi partnerkami ter nas preko morskih poti povezati s tujimi rotarijci v IYFR.

MARKO MURN, Commodore

born in 1954,

member of RC Skofja Loka from 2005, president 2008 2009, member of ICC Slovenia-Turkey

I have been sailing for 25 years. I participated in amateur races of Sailing clubs Odisej and Lokatiming, which I am a member from their origins. However, I am primarily a traveler, who sailed on the Adriatic, Mediterranean, Baltic and the Caribbean. Last year I crossed the Atlantic within ARC-2009 rally. I publish articles about my travels and I edit my web page www.tinga-tinga.info. I am proud that in younger years I inspired for sailing many friends, who became later on skippers themselves. It means most to me, that all my crew members returned home without injury and with a desire to repeat the sailing trip.

Within the Slovenian IYFR Fleet my objective is to connect Slovenian Rotarian friends in our common interest of navigation, to organize our getting together with our partners and to connect us with foreign Rotarians in IYFR on the sea.

ALEŠ MUSIČ, vice commodore

član RC Ljubljana Carniola

Sem poročen, oče dveh otrok. Kot diplomiran inženir strojništva sem dobil prvo službo na Inštitutu Jožef Štefan, nadaljeval profesionalno pot v Nuklearni elektrarni Krško in od leta 1992 delam na področju gradbenih investicij v našem, družinskem podjetju Ganamm.

Prosti čas izkoristim za potapljanje in jadranje, kar nekaj ga posvetim tudi druženju z rotarijskimi prijatelji. S potapljanjem sem okužil tudi sinova, tako da so naši letni dopusti večinoma potapljaško naravnani. Sem aktiven kot predsednik društva za raziskovanje morja, ki deluje že skoraj šestdeset let. Žena ima raje jadranje kot potapljanje, zato s prijatelji radi odrinemo na večdnevna morska potepanja.

Verjamem, da si bomo z našo slovensko floto razširili krog pomorskih navdušencev, s katerimi bomo delili morske užitke.

ALEŠ MUSIČ, Vice Commodore

member of RC Ljubljana Carniola

I am a married father of two children. As a graduated engineer I got my first job at the Institute Jozef Stefan, continued professional career in Nuclear Power Plant Krsko and since 1992 on I have been working within our family business Ganamm in the field of construction investments.

My free time is used to diving and sailing, as well I devote quite some to associate with Rotarian friends. By diving I also infected my sons, so that our annual holidays are mainly oriented to diving. I am active as a president of the Club for the Exploration of the Sea, which has been operating for nearly sixty years. My wife prefers sailing from diving, that is why we like to make hikes to sea with our friends.

I believe that within the Slovenian IYFR Fleet we will expand our range of maritime enthusiasts, with whom we will share the pleasures of the sea.

ERIK MLINAR, rear commodore

rojen 1959,

član RC Idrija od ustanovitve leta 1998, opravljaj različne funkcije v klubu

Z jadranjem sem se začel ukvarjati že v študentskih časih, ko sem obiskal tečaj jadranja pod vodstvom Mirka Bogiča. Moja pot se je ponovno povezala z jadranjem, ko sem se zaposlil v firmi Elan, kjer sem aktivno sodeloval pri projektiranju jadrnic E-431, E-331, E-34. To je bil hkrati tudi začetek našega družinskega jadranja, predvsem s charter barkami različnih proizvajalcev. Pred enim letom je naključje pripeljalo do tega, da smo postali lastniki lastne jadrnice, kar je bila naša dolgoletna želja. Jadrlnih regat se načelno nisem udeleževal, izjema so le Rotary regate, ki jih organizira RC Zadar in RC Ljubljana Carniola.

V Slovenski IYFR Floti vidim možnost druženja z podobno mislečimi ljudmi, tistimi, ki jim tako Rotary poslanstvo kot morje veliko pomenita.

ERIK MLINAR, Rear Commodore

born in 1959,

member of RC Idrija since its founding in 1998, performed various functions at the club

I already started sailing in my student days, when I visited the course of sailing under the instructions of Mirko Bogič. My journey has been connected to sailing again, when I worked in the company Elan, where I actively participated in designing the yachts E-431, E-331, E-34. This was also the start of our family sailing, primarily on charter boats of different manufacturers. A year ago, a coincidence brought us to become owners of our own yacht, which has been our longstanding desire. In principle I have not participated on sailing races, except the Rotary Regattas, organized by the RC Zadar and RC Ljubljana Carniola.

In the Slovenian IYFR Fleet I see the possibility of getting together with like-minded people, those to whom means the mission of Rotary a lot as well as the sea.

FRANCE VEHOVEC, blagajnik

rojen 1957,

častni član RC Domžale od 2006

Za jadranje me je pred 15 leti navdušil Rotarijski prijatelj Jože Cuzak, ki nas je popeljal na tri regate JK Domžale v srednjem Jadranu. Sledili sta dve Rotarijski regati v organizaciji RC Zadar in še eno družinsko jadranje po Jadranu. Nato sem se od jadranja poslovil za štiri leta, ne pa tudi od morja, saj sva z ženo Viktorijo s svojim gliserjem raziskovala obalo Istre. Žal je najin gliser v močni tramontani leta 2007 neslavno končal na skalah Piranskega zaliva. Tako sem se spet vrnil k jadraniu, zadnji dve leti sem s prijatelji raziskoval Grške otoke in tja se vračam tudi letos.

V Slovenski IYFR Floti si želim povečati krog prijateljev in znancev in pobrati čim več izkušenj od prekaljenih pomorcev.

FRANCE VEHOVEC, Treasurer

born in 1957,

honorary member of RC Domžale since 2006

Some 15 years ago I was impressed for sailing by Rotarian friend Jože Cuzak, who took us to three races of SC Domzale in the central Adriatic. Followed by two Rotary races in the organization of RC Zadar and another family sailing in the Adriatic. Afterthen, I have left sailing for four years, but not the sea, as with my wife Victoria we were exploring the coast of Istria with our speedboat. Sadly, our speedboat ended miserably on the rocks in the Bay of Piran in a strong wind Tramontana in 2007. So I returned to sailing, last two years I was exploring the Greek Islands with my friends and we are going back there this year again.

Within the Slovenian IYFR Fleet I wish to increase the circle of friends and acquaintances and collect as many experiences of experienced sailors.

EMIL MARINŠEK, tajnik

rojen 1968,

član RC Carniola od 2007, predsednik 2007 2008 in 2008 2009 in član Upravnega odbora 2009 2010

Jadram od leta 1990, vsako leto v povprečju 14 dni. Na jadrnici sem skupaj preživel kakšnih 8 mesecev, en mesec pa sem preživel na motornih jahtah. Prejadrал sem celoten Jadran, vključno z Jonskimi otoki. V preteklosti sem predvsem organiziral skupna jadriranja s prijatelji (2-3 jadrnice), zadnja leta jadriram predvsem z družino. V vlogi člana posadke sem sodeloval kakih 10 turističnih regatah (Barcolana, Rotary, JKL). Regate jemljem kot družabni dogodek s poudarkom na družabnosti in zmerni tekmovalnosti.

Poleg jadriranja se tudi potapljam. V zadnjem letu sem se pričel ukvarjati tudi s podvodno fotografijo. V prihodnosti pa načrtujem ukvarjanje s podvodnim ribolovom na dah, izključno za namene kulinarčnih užitkov na jadrnici.

Slovenski IYFR Floti sem se pridružil, ker pričakujem v njej dobro družbo, spoznavanje zanimivih ljudi in izmenjavo izkušenj. Predvsem pa prijetno druženje. Zaradi moje velike zaposlenosti s poslom in družino bom v IYFR lahko največ zmerno aktiven.

EMIL MARINŠEK, Secretary

born in 1968,

member of RC Ljubljana Carniola since 2007, founding president 2007 2008, president 2008 2009 and member of the Management Board 2009 2010

Sailing since 1990, each year an average of 14 days. All together I have spent about 8 months on the boat, one month I spent on motor yachts. I sailed the entire Adriatic, including the Ionian Islands. In the past I had held a joint sailing primarily with friends (2-3 boats), in recent years I have been sailing mostly with the family. As the crew member I participated in about 10 regattas (Barcolana, Rotary, JKL). I take races as a social event with an emphasis on sociability and moderate competition. In addition to sailing I also like diving. In the last year I also began with underwater photography. In the future my plan is to start underwater fishing solely for the purposes of culinary delights on the boat.

I joined to Slovenian IYFR Fleet, because I expect good company there, getting to know interesting people and sharing experiences. Above all, a pleasant socializing. Due to my preoccupation with the business and the family I can be active in IYFR not more than moderately.
